

KEYBOARD DISPLAY

FEATURES:

- **Lightweight**
- **Powered from Data Logger**
- **Portable**

The CCR1000KD Keyboard/Display is used to check data logger status, display or plot sensor readings and stored values, and to enter numeric data or change port/flag state. One CCR1000KD may be carried from station to station in a data logger network. The CCR1000KD supports the use of custom menus

The CCR1000KD is compatible with the IMP-865 and IMP-900 series of data loggers, but is not backward compatible with earlier systems. The CCR10KD would be used for the earlier systems.

SPECIFICATIONS:
